

Two-part Middle School Information Series for Parents

Your child is entering adolescence and adolescent learners are unique. During the ages 10 – 14 your child will experience more growth both physically and psychologically than at any other point in their lives apart from age 0-2. Now your child is heading off to middle school,

- What can you expect?
- What can your child expect?
- How will your child be supported in a 6 – 8 middle school?

Parents of students currently in grade 5, 6, 7 who will, or currently attend AD Rundle, please join us for this two part series. At these sessions we will address these questions, share with you the structures of Chilliwack's 6 – 8 middle school model, and give an overview of what your child's daily life will be like in middle school.

Part 1 SD 33 Middle School Philosophy

Thursday February 1, 2018 @ 6-7:30pm

Location: AD Rundle Middle School, 45660 Hocking Avenue, Chilliwack

At this session you will learn how our middle school model is designed specifically to support the needs of the young adolescent learner during their grades 6 – 8 years. We will hear from two experienced Principals from a neighbouring district who have experienced reconfiguration to the 6 – 8 middle school model. These meeting facilitators will be joined by school and district staff. Together we will share insights and answer questions about the transition to middle school for your student.

Part 2 AD Rundle Middle School Information

Tuesday, February 13, 2018 @ 6-7:30 pm

Location: AD Rundle Middle School, 45660 Hocking Avenue, Chilliwack

At this session, the school staff will share with you the daily routines of AD Rundle Middle School, from lockers to science class to shop class and more. You will learn how your child will be welcomed and the opportunities that they can explore in middle school. Come out and meet staff. Bring your questions! There will be refreshments.

For further information please contact your school principal or vice principal.
